The ARMA Metro NYC Chapter's Annual Spring Conference is recognized as the Metropolitan New York City area's premier all day educational event, providing comprehensive and cutting-edge educational experiences, along with programs detailing best practice in technology trends. It is attended by over 300 technology professionals and industry experts from pharma, finance, insurance, energy, government, corporate, legal and various technologists from across the country. This innovative educational program includes 4 tracks of workshops, panel discussions, and case studies on trending technologies; professional development and skill-building programs; as well as networking and vendor exhibiting opportunities.
